Summary

Proactive and adaptable Computer Science student with strong foundations in software development, data-driven problem solving, and user-focused design. I am experienced in customer-facing roles, which have developed my communication, leadership, and teamwork skills. Recently, I have built and deployed web applications, acquiring growing expertise in front-end technologies, Next.js, and software project management. Passionate about applying technical and analytical skills to deliver scalable solutions in software engineering, data science, and machine learning.

Technical Skills

Languages: Python, Java, JavaScript, TypeScript, React, HTML, CSS, SQL
Frameworks & Tools: Next.js, Git, Vercel, VS Code, Supabase, Azure, MySQL, Google OAuth 2.0, NumPy, Matplotlib
Other: Data Analysis, Machine Learning (beginner), Problem-Solving, Agile Collaboration

Projects

PostHub Dynamic Web App (JavaScript, HTML, CSS, REST API) 2024
- A modern Single Page Application built with vanilla JavaScript that delivers a seamless blogging experience, featuring real-time data fetching from the DummyJSON API.
- Implements data caching to minimize API calls, lazy loading for optimal page speed, and comprehensive error handling for a robust user experience.

Personal Portfolio Website (JavaScript, HTML, CSS) 2025
- Developed a responsive portfolio to showcase some of my work, incorporating smooth transitions and diverse animations.
- Focused on delivering a dynamic, modern design with engaging user experiences and intuitive navigation.

FinanceTracker PWA (JavaScript, HTML, CSS, Supabase, Google OAuth, PWA) 2025
- Designed and developed a secure, mobile-friendly personal finance tracker as a full-featured Progressive Web App with multi-account and multi-currency support.
- Integrated Google authentication and Supabase real-time cloud database, implemented live currency conversion via API, and delivered advanced dashboards, analytics, and true offline-first PWA functionality.

Experience

Internship Trainee Aug 2025
Terramay, Évora, Portugal

Pharmaceutical Sales Assistant Sep 2023 – Mar 2024
Farmacias Ecu-Vida, Ecuador

Fertilizer Plant Operator Jun 2023 – Sep 2023
Organisk L.M., Ecuador

Education

Bachelor in Computer Science Sep 2024 – Present
Högskolan Kristianstad, Sweden

Course in Digital Marketing Sep 2023 – Jul 2024
Linköping University
